PDF FILES

All the annual Glaciological surveys and some volumes are freely downloadable (see: <http://gfdq.glaciologia.it/issues/>).

A contribute for supporting the CGI activity is requested for downloading papers (5 € each), issues and supplements (20 € each). A special contribute for supporting CGI allows free online access and downloading of all the volumes of Geografia Fisica e Dinamica Quaternaria, the Supplements, and the attached maps:

120.00 € for privates

500.00 € for institutions

The account for subscribers may be easily activated using the following link:

<http://gfdq.glaciologia.it/subscription-registration>

The contribute will also allow free online access and downloading of issues 38(1) and 38(2), coming in 2015 (n.1 will be available on July 2015, n. 2 will be available on January 2016).
